

Low or no cost options for a safe and comfortable electric home

LOCAL PROGRAMS FOR INCOME-QUALIFIED RESIDENTS

Bill Discounts

Oregon Community Solar

For anyone with an electric bill – renters and homeowners! How the program works: subscribe to a solar farm in Oregon and get a discount on your electric bill. Income-qualified residents save more – sign up through Community Energy Project.

Heating and Cooling

Energy Friendly Homes

NEW! This PCEF-funded program for Portland residents provides heat pumps, insulation, heat pump water heaters, and home repairs to qualifying households.

energyfriendlyhomes.com

This program features:

- Home energy upgrades up to \$50,000
- Higher income limits than other programs
- Energy upgrades on homes from single family up to a quadplex
- Program pays contractors directly
- Client navigators to make the process easier

Community Energy Project

Households can receive a free Home Energy Score and qualify for upgrades to insulation, heating and cooling systems, air sealing, and more.

communityenergyproject.org

Verde Builds

Have an electric baseboard heater? Verde and Energy Trust can help you replace it with a new heat pump at no cost or low cost.

verdenw.org

Go to Resources > Ductless Heat Pump interest form

Water Heaters

Community Energy Project

Do you have an electric water heater that is at least ten years old? Community Energy Project can replace it for free with a new, efficient, heat pump water heater.
